Product Name:HDMI Cable

Part Number: 16301185

16301185 Cable Products Show

For Any Technical Questions, Please Contact at [info@nodesus.com](mailto:info@nodesus.com)

## Introduction

LINCOS HDMI 2.0 Cables delivers signal integrity for high-speed data transmission up to 18Gigabits over longer distances. Our cable bundles enable a higher video resolution up to 4K, which is four times the clarity of 1080p/60 resolution.

We use a variety of materials with our design expertise to optimize for your application. For Aerospace applications we focus on the use of small diameter products with allow for lower weight and tighter bend radiuses to allow for cable routing in confined spaces. Dynamic applications similar to Automotive and Semiconductor processing require higher flex life with tight bend radiuses and compact cable constructions.

### **Product Description:**

### **Typical Applications**

- 1.Digital video systems
- 2.Flight management systems
- 3.Portable electronic devices
- 4.Weather mapping
