**Product Name:** Best Insulating Paper Pasting Machine

**Part Number:** BT-450

**Product Description:**

1. Paste a gasket of cylindrical insulating material on the positive electrode of the battery cell.
2. The insulating highland barley paper uses the roll material, reduces the waste, saves the cost.
3. The double manipulator takes and puts the battery, guarantees the battery to transfer freely from the channel normally.
4. Equipment debugging is simple, easy to learn, fixed parameters, with manual operation and one-step operation and automatic operation procedures.
5. Equipment with fault alarm, according to the prompt to clear the fault.

**Product Specification:**

Power	AC220V 50/60HZ 1.6KW
Air pressure	0.4-0.8Mpa, Air source must be used when there is a filter device to ensure that the flow of water-free impurities.
Customize cell model	/
Suitable for highland barley paper	100MM plus or minus 1MM, inner diameter of Coil 75MM, outer diameter of Coil 350MM
Suitable for highland barley paper thickness	0.1MM-0.3MM
Production efficiency	4500-5000PCS/H
Pad Power	400W variable frequency motor debugging, set with buffer power to ensure that no damage to

	the core.
Pastes the pad effect	The consistency is good, pastes firmly, artistic
Control Devices	7.5-inch touch screen,2-axis stepper motor design, 42-point PLC programmer
Contour dimension	L1420MM*W950MM*H1620MM
Weight	About 180KG
